

I got these Bros over in Philly
And anytime I visit, they'll slap a two-wheeled
hunk a metal and rubber speed demon
under my slow cruisin ass
Fast – just the way they like it

These are the kinda guys who'll watch your back
Smack
Dab in the middle of a knock down, drag out,
no one gonna fag out barroom brawl
Crawl – is not a part of their vocabulary

These are the good guys, the get up
stand up for their own kinda rights guys
No alarm, don't mean no harm
Just wanna have a good time, fun time
The 'any way they want it' kind

So give em some space
Wouldn't do well to get in their face
They don't start it, they end it
If it aint broke, don't mend it
Cause it always seems to be
Takes a lot of trouble to livin free
